

Date: August 25, 2009

RPS is pleased to inform you that the Company has changed ownership and reorganized to better serve your needs. I acquired majority ownership effective December, 2008.

Radiation Protection Systems, Inc (RPS) and Nuclear Fuel Services (NFS) are no longer affiliated companies. To minimize any confusion or implication of possible affiliation, RPS has formally changed its Delaware Corporation registration to "Radiation Protection Systems Inc". (RPS)

RPS has revised its CCR and other registrations to reflect its new status.
